Logo

LPKBB SPECTA VIRTUAL 2021

This is the first time I've created a logo for an event, and I want to appreciate myself for being willing to try even though it may not be as good and appealing as I hoped.

BRIGPAS

When BRIGPAS separated from Paskibra SMAN 14 Bekasi, I was asked to create a new logo. However, after discussing several possibilities, we decided to stick with the old logo and only modify the name.

KABINET KONVERGEN

During the new period in HIMA PSTI, each member of the Communication and Informatics department was asked to create a logo that would later be voted on by other members. However, this logo still lost by 3 votes compared to the selected logo.
